## Clear + Brilliant

Instructions must be followed to minimize risk of complications and side effects!

### Before your treatment:

1. If possible please do not wear makeup to your treatment.
2. Avoid any irritants to your skin, such as any products containing Retin-A, retinol, benzoyl peroxide, glycolic/salicylic acids, astringents or Vitamin C for two weeks before and during your treatment.
3. Do not wax, tweeze, or use a depilatory cream (Nair-type product) on treatment areas for 1 week prior to your treatment.
4. If you have received Dermal filler treatments such as Juvederm or Botox™ Injections, wait at least two weeks before having any laser treatments.
5. You should not receive treatment if you are taking any systemic steroids (ie. Prednisone, dexamethasone). Please contact us if you start taking any of these medications during your treatment. Treatments will need to be rescheduled.
6. You should not receive Clear + Brilliant laser treatment if your skin is still recovering from a cosmetic procedure such as a chemical peel or other laser resurfacing treatment.

### After your treatment:

1. Avoid sun exposure and tanning beds to treated areas after treatment (we recommend this indefinitely) Daily sunscreen with an SPF of at least 30 is vital to maintain your improved skin.
2. Avoid any irritants to your skin, such as any products containing Retin-A, retinol, benzoyl peroxide, glycolic/salicylic acids, astringents for two weeks after your treatment unless otherwise instructed by your practitioner.
3. Do not wax, tweeze or use a depilatory to the treated areas for 2 weeks after your treatment.
4. Make-up should not be applied until the next day.
5. Redness, swelling, dryness & itchiness and increased skin sensitivity may occur and usually diminishes within a few days after treatment.
